

Green Cleaners

FOR A GREAT CLOTHES SPOTTER USE

FRESH LAUNDRY CONCENTRATE LIQUID

1. Full strength applied directly to the spot.
2. Combine Fresh Laundry Concentrate with Nature Bright and soak the item overnight... put in washer the following day.
3. Mix Fresh Laundry Concentrate in a sprayer and spray on spot.
Experiment with the strength:
 - a. 1/4 Fresh Laundry Concentrate and the rest water.
 - b. 1/2 Fresh Laundry Concentrate and the rest water.

- Non-Magnetic

Shaklee
Creating Healthier Lives®

 **BASIC H2**

CLEAN HANDS: Place a few drops of Basic H2 in the palms of your hands. Add a little water and wash as usual. Grease, grime and dirt disappear.

FLOORS: Mop floors with 1 Tbsp. Basic H2 to a gallon of water. Wring mop dry, wipe up spots and dirt, leaving floor shining and clean.

MIRRORS, WINDOWS, GLASS TOPS, DECORATOR PIECES: Just add 1-2 “drops” of Basic H2 to a pint of water or put in a 16 oz. spray nozzle unit. Wipe dry with a paper towel or lint-free cloth.

Cost: under a penny a pint!

DELICATE WASHABLES: Mix 1/2 Tbsp. Basic H2 to a gallon of water. Basic H2 is effective, yet mild enough to clean the most delicate fabrics, including woolens, silks, and synthetics. Panty-hose and nylons stay soft and pliable.

GENERAL CLEANING: 1/2 tsp. Basic H2 in a quart of warm water to instantly clean kitchen doors, woodwork, walls, or ceilings.

KITCHEN APPLIANCES: Add 1/4 tsp. Basic H2 to a pint of water for cleaning appliances.

DUSTING: 1/8 tsp. Basic H2 per pint of water; spray on dusting cloth or spray directly on furniture, being sure to wipe dry with a cloth. The varnished surface stays bright and non-magnetic, making it unnecessary to dust as often.

CLOTHING SPOTS: Apply a few drops of Basic H2 directly to the spotted area, work in with water, put in laundry and wash.

AUTOMOBILES: Use 1/2 Tbsp. Basic H2 in a gallon of water. Wash small area at a time. Hose off - no need to wipe dry. Wash windows, chrome, etc. with paper towels or lint-free cloth.

DISHES: Use 1/2 tsp. Basic H2 + water in pans, bowls, etc. as “soak solution” to loosen stuck-on food.

PAINTERS, CEMENT/BRICK LAYERS, MECHANICS: Use Basic H2 to clean your hands and equipment.

FRUITS & VEGETABLES: Mix 1/2 tsp. Basic H2 per sink full of water. Wash, then rinse.

WALLPAPER: Excellent for removing wallpaper.

PROTECT HANDS: Apply to hands, full strength for lasting protection as an industrial skin guard. Great as an invisible glove before painting.

GUM: Use full strength to remove gum from skin, hair, carpeting, etc.

 **SCOUR OFF**

Use scouring pad if scratching is not a problem, or use a soft cloth. USE LOTS OF WATER. Scour Off will not scratch most surfaces, it is pleasant smelling, kind to lungs, easy on hands...no rubber gloves necessary, extremely versatile and effective. USES: inks * Tubs * Ceramic Tile * Shower Doors * Toaster Tops * Pots and Pans * Ovens * Removes rust and tar off chrome of car, etc. * Counter Tops * Marks off walls (test first) * Marks or spots on glass items * Corning Ware Tops

Scour Off item code: 00430

 **BASIC H2...degreaser**

Use 1 1/2 - 2 tsp. Basic H2 in Pint Sprayer for:

1. Tile Cleaner (in place of Dow Bathroom Cleaner. etc.)
2. Heavy Duty cleaning of walls and other painted surfaces (in place of 409, etc.)

Use 2 oz. (4 Tablespoons) in gallon of water for cleaning:

1. Garage floors
2. Lawn furniture or outside of house
3. Greasy car engines, lawn mowers, and other equipment
4. Soak oven racks

SAVE MONEY: Basic H2 degreaser costs less than \$0.35 per pint!

Basic H2 item code: 00015 or 00029

 **BASIC G...germicide, disinfectant, deodorizer, sanitizer, cleaner**

A. Use 1 Tbsp. (1/2 oz.) Basic G per gallon of water or 1/3 tsp. per pint sprayer for:

1. Bathrooms (Tub, Tile, Floors, Sinks, Toilets)
2. Garbage Cans, Telephone, Fishing Boxes, Boats, etc.
3. Refrigerators and Freezers
4. Clean, disinfect & deodorize feeding and sleeping quarter for pets
5. Kill infectious bacteria in playrooms and children's rooms
6. Use as a general “all-purpose” cleaning solution
Basic G is SAFE on almost all surfaces.

B. Put 1/2 Tbsp. Basic G in with LAUNDRY to eliminate “smelly odors”

Basic G item code: 00525
